Good morning,

Ryzex has received numerous requests from Pepperidge Farm Independent distributors for pricing on current Fujitsu 2900 printers and pricing for refurbished Intermec 6820 printers. Ryzex is an Intermec Honors Partner that sells refurbished equipment at a lower cost than buying new.

Ryzex can provide Intermec 6820 portable and fixed mount printers to work with the CK61's and all parts necessary in refurbished condition with a one year warranty. Some items will be new, such as:

- CK61 dock
- Batteries, and
- Mounting hardware(should you chose to purchase fixed mount devices)

As always with our refurbished equipment, supplies are limited. Please call 800-999-2995 ext 1103 today for availability.

Below is pricing for the Fujitsu and Intermec printers.

PEPPERIDGE FARM EXCLUSIVE PRICING
